

Stroke Care Network Summit September 28-29,2023

General Information

Thank you for attending this educational activity. No meeting is truly successful if it simply serves the purpose of transferring information. You are encouraged to pose questions to the speakers and take advantage of the time allocated for informal exchanges and networking.

The evaluation link is below to access the online evaluation. The link will also be available on the symposium CECentral website. It must be completed at the end of the conference. Feedback from the evaluation is essential to identifying educational needs and planning future continuing education activities.

Disclosure of Relevant Financial Relationships with Ineligible Companies

All planners, faculty, and others in control of educational content are required to disclose all their financial relationships with ineligible companies within the prior 24 months. An ineligible company is defined as one whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients. Financial relationships are relevant if the educational content an individual can control is related to the business lines or products of the ineligible company.

Stroke Care Network Summit September 28-29,2023

David Dornbos, III, MD, speaker for this event, is a consultant for Imperative Care and receives research support from Siemens Healthineers

Larry Goldstein, MD, FAAN, FANA, FAHA, speaker and planner for this event, receives royalties from Up-to-Date, and is on a clinical trial data safety monitoring board for Janssen

Pamela Duncan, PhD, PT, FAPTA, FAHA, speaker for this event, is President/Stock Owner of Care Directions, and Consultant/PI for BrainQTechnologies

All of the relevant financial relationships listed for these individuals have been mitigated.

The material presented in this course represents information obtained from the scientific literature as well as the clinical experiences of the speakers. In some cases, the presentations might include a discussion of investigational agents and/or off-label indications for various agents used in clinical practice. Speakers will inform the audience when they are discussing investigational and/or off-label uses.

Content review confirmed that the content was developed in a fair, balanced manner free from commercial bias. Disclosure of a relationship is not intended to suggest or condone commercial bias in any presentation, but it is made to provide participants with information that might be of potential importance to their evaluation of a presentation.
